

# Technical Documentation: Hand Plays...

**Hand Plays... 2005-2012.** About 100 hand X-rays printed to-date. 6 series made with the support of radiologists, surgeons and manipulators, Degraf, Fuji Medical, BSN Medical, of the Institut International de la Marionnette, Théâtre Jeune Public of Strasbourg and forty puppeteers, dancers, magicians, and shadow performers... of the CCAM Scène Nationale in Vandœuvre, Nei Liicht in Dudelange (Luxemburg) and En Attendant l'Eclipse. Each radiograph is printed to 5 copies and presented in a stainless steel lightbox (36 x 43 x 9 cm or digital print 108 x 130 cm).

## **Adaptable exhibit (ranging from 20 to 80 pieces of artwork).**

The exhibit may be shown in daytime as well as in the evening (except specific pieces where sunlight is essential). Images are available for viewing at [www.marcferrante.com](http://www.marcferrante.com).

## **Material provided for each exhibit**

- Up to 80 X-rays in stainless steel lightboxes. Dimensions: 36 x 43 x 9 cm, 8 kl. Ready to be hung directly on the wall (no chair rail required). 220 V power supply for light; 24W cold energy-saving light bulb (adjustable intensity, NF and Europe norm); cable: 3 meters; switch available for France, Germany, Belgium and adaptable for others.
- Optional: photographs (print, digital c-print or lambda). Dimensions: 108 x 130 x 3 cm on dibon. Ready to be hung directly on the wall; 5 kl.
- Paper description in A4 and A3 format (English, French or German).
- Multi-socket and multi-presence (optional).
- A 4 min 51 sec looped video (optional).

.../...

**Equipment required:**

- Possible additional electrical wiring (extension cords, wires).
- Screen and DVD player (optional).

**Display of the exhibit:** Vertically or horizontally mounted on the wall, on consoles, or tables. Display depends on the available space and the number of works selected. Nearly 8 linear meters are required for 10 steel boxes on the wall.

**Packing**

- Stainless steel boxes packed in pairs, bottom part made up of 18 millimeters plywood (standard international transportation ISPM 15). 55 x 45 x 30 cm; weight: 19,5 to 22 kl. Two metal handles.
- Photos (digital prints) packed in pairs in special packaging (112 x 134 x 4 cm).

**Installation:** Mounted and dismantled under the supervision of Marc Ferrante.

**Transportation:** For long distance transportation, boxes and x-rays are transported separately; installation is done on site (installation: 20 to 30 pieces per day).

**Catalogue available for the exhibit: Hand Games (color, 64 pp., 25 euros, 1'500** prints by CCAM, Scène Nationale (Vandoeuvre) and Nei Liicht, (Luxemburg). Text: Christian Gattinoni (art critic, teacher at ENSP Arles). Michel Le Du (associate professor in Philosophy at University of Strasbourg). Dct Philippe Bassnagel (radiologist). Jean-François Robic (professor of Visual Arts at University of Strasbourg). Marc Ferrante. The other texts on the website have been written by Francis Dagognet, David Le Breton, Philippe Liverneaux and Marc Ferrante
